## A Message from the President

Mga Kababayan,

Maraming salamat po for your continued support in perpetuating the Tekniqlingz Foundation's mission of preserving our Philippine culture through art, music, and dance. In these uncertain times, we must look inward and appreciate the essential things in our lives especially our pamilya.

Tekniqlingz continues to expand and thrive because of our bayanihan spirit of helping one another as a community. With that said, we will survive and overcome this pandemic through support of friends, family, and God. Brighter days are around the corner. As Journey once sang "Don't Stop Believing."

Please stay tuned to our website and social media accounts for continuation of our Tekniqlingz workshops, upcoming elections, and other newsworthy topics.

Stay safe and God Bless,  
Randy Cortez  
President
