A Message from the President

Maya Angelou once said "Be present in all things and thankful for all things." Despite the hardships and missteps all of us encountered throughout this trying year, we are still standing. Let's not dwell in the past nor yearn for a future yet to unfold; instead, we should relish the present and breathe in the fresh breeze that comes with every moment. Unlike past years, this Thanksgiving will stand out with the limited gatherings, celebrations, and parades we are normally used to. Another year comes to a close, but we remain thankful for all the blessings in our lives - our families and our friends. Mabuhay ang Filipino!

Salamat,
Randy Cortez
President
